May 6—All ACP @ Fontenelle Forest 11:00-2:30
May 6—Northwest Area Concert @ NW High School 7:30
May 7—Volleyball practice 4:00-5:00
May 8—Volleyball game @ Boyd 4:30
May 9—All ACP @ Young Athletes

CLASSROOM SPOTLIGHT:
MS. STEELE, 3rd Grade, Rm. 2

Rm. 2 is plowing through and making great strides! The students just recently completed the State Reading and Math Assessments, which has been a huge relief and accomplishment for the class.

Author’s purpose, plot, and main idea & details have been reoccurring skills over the last several weeks. In addition, students have continued to build their vocabulary each week and find ways to apply it in their everyday reading and conversations.

Currently in writing, students are learning to write informational pieces, in addition to strengthening their 6 Traits. Handwriting has been another boost of excitement. The students have been anxiously and eagerly practicing their cursive!

Math has been in full force and is chugging right along. We have dove deep into fractions and will conclude the year with time and money. Students truly have become better mathematicians this year using deeper reasoning skills and are more capable of explaining their own thinking.

With May approaching fast, the students of Room 2 are still keeping their minds active and continuing to discover what is left of 3rd grade. The amazement and the joy in seeing the growth in the students this year has been magical!

MARK YOUR CALENDARS!
BOYD’S ANNUAL BBQ / TRACK & FIELD DAY
WILL BE HELD ON WEDNESDAY, MAY 14th, 2014!
Bring the whole family! Mom, Dad, Brother, Sister, Grandma & Grandpa!
Don’t forget a blanket or lawn chairs to sit on.
Water bottles & sun screen are a must for students that day!
Lunch costs are $3.25 for adults and non-OPS child(ren)
$1.45 for students
Look for the flyer regarding pre-purchasing your BBQ tickets. This will be sent home next week with your student.
The BBQ will be held on May 14 rain or shine. No refunds on tickets.
NEWS FROM THE NURSE!

Medication policy reminders:
As the school year is nearing to an end, please keep the following in mind. Students are not allowed to personally, take their medication home. Health office staff cannot any send any medications home with students. Even inhalers or over the counter medications can only be sent home with an adult. Please make arrangements to pick up your child's medication the last day of school. Unfortunately, all unclaimed medications will be destroyed. We also ask that only adults bring medications to school. These policies are for the safety of our children. Thank you for your cooperation.

Sincerely, Mrs. Kafka, RN School Nurse

**Common Sense on Privacy and Digital Footprints**

**ELEMENTARY SCHOOL**

**DIGITAL LITERACY AND CITIZENSHIP IN A CONNECTED CULTURE © 2012** [www.commonsense.org](http://www.commonsense.org)

**What’s the Issue?**

Our kids live in a culture of sharing that has forever changed the concept of privacy. In a world where everyone is connected and anything created online can be copied, pasted, and sent to thousands of people in a heartbeat, privacy starts to mean something different than simply guarding personal or private information. In this context, you might think about kids’ privacy in three categories: privacy and security, privacy and reputation, and privacy and advertising.

- **Privacy and security**: This is the private information (e.g., Social Security number, first and last name) that could put kids at risk for identity theft if it got into the wrong hands.
- **Privacy and reputation**: The information that could be personally embarrassing or hurtful to them or others if posted publicly.
- **Privacy and advertising**: The information about their habits and behavior online that companies collect in order to target them with ads and other content.

**Why Does It Matter?**

For good or bad, everything our kids do online creates digital footprints that migrate and persist. Kids share work with others and, as they get older, receive comments and feedback. This culture of sharing is beneficial in many ways. But if kids aren’t careful, their reputations can be harmed, or their information used in ways they never intended. For example, your child may think he or she just sent something to a friend, but that friend can send it to a friend’s friend, who can send it to their friends’ friends, and so on. Or they may innocently fill out an online form without understanding that this may make them vulnerable to identity theft. And their online behavior will likely be tracked without them knowing by the industry, which has little incentive to be responsible.

**Common Sense Says**

- **Make sure kids get your permission before filling out forms.**
  Let kids know that you are the gatekeeper. They should ask your permission before filling out online forms, and they should always keep their Social Security number, birth date, address, and full name private.

- **Help kids think long term.**
  Everything online leaves a digital footprint. Help them think before they post so that they will be proud of their Internet presence down the road.

- **Remind kids that the Golden Rule applies online.**
  Remind kids that they will be treated online as they treat others. Whatever negative things they say can and probably will come back to haunt them, in more ways than they can imagine.

- **Help kids see through advertising.**
  The next time an ad pops up online, or you see that you are being targeted by ads specific to your interests, point it out to your kids. Let them know that some companies advertise to you based on what kinds of things you look at online.
