CLASSROOM SPOTLIGHT:

Mr. Waller, 5th Grade P04

Greetings from Cottage 4:

This has been another great year for Cottage 4 5th graders. First, I would like to congratulate the students in my class for earning over 80+ All Classes throughout their 5th grade tenure. This is one of the best groups of fifth graders I’ve had the pleasure to work with and to work for. As we continue to work hard and diligently on state testing, I continue to encourage the students to stay in the moment, own the moment, and finish strong. I am proud to say that the students have accepted the challenge and each day of testing they have committed themselves to the task at hand, which is doing their best work all of the time.

I will like to thank our parents for allowing me to teach their children. It has truly been a pleasure and a privilege to serve as your child’s 5th grade teacher. A quote that comes to mind as we continue to move through the 2014-2015 school years is a quote I believe will sum up our entire school year as a group.”

“In the end, it’s not going to matter how many breaths you took, but how many moments took your breath away.”—Shing Xiong

This is an awesome group of students and to watch them learn and grow into positive young people has truly taken my breath away. Bright futures are in the grasp of all Boyd students, but more especially of those in Cottage 4. I may sound biased, but like any teacher who has assisted a group of young minds reach for their full potential, will always feel as I feel.

Sincerely,

Mr. Waller
