CLASSROOM SPOTLIGHT:

MRS. KETTELSON, HEAD START, P05

Hello from Head Start! Head Start has been very busy this year. We have learned about how trees grow, what they do in each season, and other great facts about trees. We just finished a study on clothing. It was a fun to see different clothes from different countries. We also talked about where our clothes come from, not just the store. This week we have started our Building Study. We are going to be learning about different types of building, how things are built, and make our own buildings. If there are any parents who are or know of someone in construction, architecture, or any of the other jobs that deal with building, we would like them to come share their knowledge with Head Start. Please contact the office as we would love to get something scheduled. We have also been learning the letters in our names, spelling our names, writing, a lot of cutting, and of course learning through play. We are looking forward to Spring so we can go outside and explore our world again!

Mrs. Kettelson and Mrs. Mitchell

PLEASE NOTE IF YOUR STUDENT IS A HEAD START OR PRE-K STUDENT THERE WILL BE NO CLASSES FOR THOSE STUDENTS ON FRIDAY, FEB. 13, 2015.

Education is not received. It is achieved.
