The Board of Education has adopted a new Student Assignment Plan for elementary and middle school students called the Partner Plan (grades K-8). The Partner Plan guides school choice and student transportation eligibility. The Partner Plan will be implemented in August for the 2017-18 school year.

The Partner Plan creates eight (8) elementary partner zones and four (4) middle school partner zones within the district. Your residential address and corresponding neighborhood school determine your partner zone. A student’s residence and distance to school determines transportation eligibility. If you anticipate a change in school or address, please contact your child’s school immediately as this could impact your transportation eligibility. After June 15th, transportation eligibility will also be subject to the walk distance to established bus stops and student capacity on busses.

La Junta Directiva de Educación ha adoptado un nuevo plan de asignación estudiantil para las escuelas primarias y secundarias llamado el Plan de Colaboración (grados K-8). El plan de colaboración determina la opción de escuela y la elegibilidad del transporte. El plan de colaboración será implementado en agosto para el año escolar 2017-18.

El Plan de Colaboración crea ocho (8) zonas de colaboración de escuelas primarias y cuatro (4) zonas de colaboración de escuelas secundarias dentro del distrito. Su dirección de residencia y la escuela correspondiente al vecindario determina su zona de colaboración. La dirección y la distancia a la escuela determinan la elegibilidad del transporte. Si usted está anticipando un cambio de dirección, por favor comuníquese con la escuela de su hijo inmediatamente ya que esto puede afectar su Zona de Colaboración y la elegibilidad del transporte.

### ELEGIBILIDAD DEL TRANSPORTE

Los estudiantes son elegibles para el transporte SI ellos asisten a la escuela de su vecindario y vive a más de 1.0 milla de la escuela primaria o más de 1.5 millas de la escuela secundaria.

Los estudiantes son elegibles para el transporte SI ellos asisten una de las escuelas de la zona de colaboración y vive a más de 1.0 milla de la escuela primaria o 1.5 millas de la escuela secundaria.

Los estudiantes NO son elegibles para el transporte SI ellos asisten cualquier escuela fuera de la zona de colaboración.

Después del 15 de junio los estudiantes son elegibles si viven en la zona de colaboración, viven a más de 1 milla de la escuela primaria o 1.5 millas de la escuela secundaria, y están a menos de 2 cuadras de la parada para los de primaria o a 4 cuadras de la parada para los de secundaria.
