CLASSROOM SPOTLIGHT MR. MINCHOW ~ P.E.

Physical Education is a subject where students come in to the gym and learn various skills that are different than in a classroom. This school year the students have developed skills in football, soccer, frisbee, basketball, volleyball, and bowling. We have also had lots of fun and developed skills with scooters and jump ropes. Each unit has its own specialized set of skills that will allow students to lead a healthier lifestyle.

In the final few weeks of this school year, the students are working on increasing their cardiovascular endurance and gross motor skills with a variety of jump rope activities, as well as team building exercises during daily warmups. Next week, the students will be provided a variety of motivating and self-confidence building jump rope challenges.

**IMPORTANT
ANNOUNCEMENT !**

**BOYD ELEMENTARY'S
LAST STUDENT DAY WILL BE
MAY 21, 2019.**

Boyd 5th Grade Recognition
Where: Druid Hill Elementary
4020 N. 30 Street
in the gymnasium
Date: Tuesday, May 21
When: 10:00 a.m.

End-of-Year Health Office Reminders

MEDICATIONS: If your child has any medication(s) at school (including inhalers and other emergency medications), they must be picked up by a parent (or designated adult) on the last day of school. Medications can NOT be sent home with any students. Please **plan now** to make arrangements for this. Any medications left at school after May 21 will be destroyed. This is an OPS Policy and while some years parents have been able to pick up medications later, **this year everything is being packed and moved, thus no medication can be transported and will be destroyed!**

Remember though, there are field trips the last week of school where medications may be needed, so please wait until May 21 to pick up all medications. Thank You!

PREPARING FOR NEXT SCHOOL YEAR:

Students entering Kindergarten are required by Nebraska Law to have a Physical Exam and a Vision Exam. Make those appointments now or before summer, as offices get very busy making summer appointments difficult to schedule. Save all forms in a safe place to turn in at the beginning of the school year.

Immunizations: Student entering Kindergarten must also be up-to-date with the required immunizations. Even if your child met the requirements for Pre-K, there are additional boosters needed for Kindergarten. Students who do not have these (or a medical or religious waiver) will not be allowed to attend school per Nebraska Law. Even if you cannot get your child in for his/her physical exam before school starts in the fall, the shots must be completed before your child can attend school.

Students (of any age) who will need to take medications at school next year must have new written orders from the Health Care Provider, as well as written parent permission EACH NEW SCHOOL YEAR. Please plan ahead so this can be ready when school starts.

Students who have severe food allergies will need a medical statement completed by the Health Care Provider for special meals. This is essential to make sure the student with allergies has meals that do not include items of concern.

Breakfast

With

MOM

Who: All Boyd kids and their Moms

When: May 10, 2019, 7:30-8:30 a.m.
